# EXPLORING OASES OF NATURE

## La Torbiera

Overlooking the spectacular southern shores of Lake Maggiore, La Torbiera Wildlife Park is one of Italy's most important nature sanctuaries for the reproduction and protection of many bird species in danger of extinction. The parkland is of particularly great environmental value as it includes post-glacial peat bogs, home to a wide range of wild bird life. In these truly unique natural habitats, visitors can catch a glimpse of a number of incredibly rare animal species. The park also features a restaurant, café, picnic area with shelter, and free car park for visitors.

up look at extremely rare Siberian tiger cubs and white lion cubs, white rhinos, poisonous snakes, hamadryas baboons, antelopes, zebras, giraffes and hippopotami. The Park also runs entertainment and special shows, including a magic show set in Ancient Rome, a display of how falcons hunt, and an Andalusian extravaganza, featuring parades of prancing horses, flamenco dancers, and bolas performances by Argentinean gauchos. Then there is the Jurassic Park with its six life-size dinosaur models, the Botanical Oasis, and the Butterfly and Beetle Exhibition, featuring insect species from all around the world.
